INTRODUCTION TO THE CATALOG

Many pages feature a list of links at the top of the page for you to click and take you directly to the topic of your choice.

This is the name of the Section or Page you are currently on.

This is a set of catalog links that are always accessible in the left column of any page.

On every page there is a HELP button to answer any questions you may have about the Academic Catalog.

This is the catalog you are currently viewing. There are two different Catalogs:

The Undergraduate Catalog (this will be the default) and the School of Graduate and Professional Studies Catalog.
This is the Advanced Search screen. Check the “Find whole word or phrase only” box to search for an exact match for a keyword or phrase.

Choose Search Locations to narrow or expand your search to Courses, Programs, Schools/Colleges & Departments, and/or Policies and Other Non-Academic Content.

Check the “Find whole word or phrase only” box to search for an exact match for a keyword or phrase.
Our Academic Catalog is organized by School, and then programs are listed alphabetically by School. For example: under the School of Business there is Accounting, Business, and Economics.

Click on the program of study for curriculum requirements.
PROGRAM REQUIREMENTS

- Curriculum Requirements
- Course Titles with links to open the Course Description
- The amount of credits per course

Print Degree Planner button

Print-Friendly Page button (this is on every page in the Academic Catalog)

Add to Portfolio button

Featured on the Program Page:

- Curriculum Requirements
- Course Titles with links to open the Course Description
- The amount of credits per course
My Portfolio is the last link in the left column.

To login, type in your E-mail Address and Password here.

If you are a new user, create an account here (this is a unique account only for this catalog function).

My Portfolio is a resource that provides you with the courses, programs, pages, and searches that you have saved for later use and as a reference for when you log back in.

Below are examples of saved courses, programs, navigation links, divisions, and searches that have been added to this My Portfolio account.

You can remove any item at any time by checking the box next to the item you would like to remove and then click “Remove.”

NOTE: At the moment that you add to your Portfolio, another dialogue box will appear with confirmation.
This document is a custom planner for the specific program you selected.

You can print this worksheet to use as a planning worksheet for the future. You may also bring this to an advising meeting as an aide.

The Degree Planner worksheet features Course Names, credits received per course, and other requirements. It is organized by which year you are recommended to take each course in.

NOTE: The Degree Planner is accurate at the time of publication and does not reflect curriculum changes or specific program requirements. Be sure to check with your advisor when planning any academic course of study.
Click on “Course Descriptions” in the left navigation to open up the Course Search page.

The Course Filter can be used to filter the Course List by using a prefix, course code, keyword, or any combination.

Check the “Find whole word or phrase only” box to search for an exact match for a keyword or phrase.

If you choose not to filter the Course List, the courses are listed in alphabetical order by Course Name.
To reveal the Course Description, simply click on your desired course and it will drop down.

Click a second time to hide the Course Description.

Click the “Print Course” to print this course description.

Click the “Add to Portfolio” button to add the course to your personal portfolio page.

You can share a Course Description with a friend on Facebook or a follower on Twitter by clicking these icons and entering in your username and password.

These are examples of sample posts on Facebook and Twitter.
